

Midterm 2 Preparation Checklist for STAT 445/645 Intro to Statistical Computing

AG Schissler

Please use this checklist to maximize your test performance. I recommend adding and sharing your own ideas for this list.

Checklist

- ☐ **1. Lab review**
 - ☐ Reviewed Lab 04 and made notes.
 - ☐ Reviewed Lab 05 and made notes.
 - ☐ Reviewed Lab 06 and made notes.
 - ☐ Reviewed Lab 07 and made notes.
- ☐ **2. Midterm 1 review**
 - ☐ Reflected on my performance.
 - ☐ Analyzed the questions I missed.
 - ☐ Developed a strategy for not making the same mistakes (multiple correct choices, etc.)
- ☐ **3. Support**
 - ☐ Googled any questions that I have.
 - ☐ Asked classmates any questions that I have.
 - ☐ Asked the instructor any questions that I have.
- ☐ **4. 1-page notes preparation**
 - ☐ Summarized my notes on two 8.5in x 11in pages (front and back)
 - ☐ Reviewed my cheat sheets so that I know where everything is.
- ☐ **5. Prep for test**
 - ☐ Got a good night's sleep before the test.
 - ☐ Bring calculator, pencils, blue or black pen, and scratch paper.
 - ☐ Bring a silent timer monitor time without distraction during the test.
- ☐ **6. During the test**
 - ☐ Review the entire test and ask the instructor if unclear on anything.
 - ☐ Set a timer to give yourself a 15 or 20 minute warning w/o watching the clock.
 - ☐ Work at a steady, relaxed pace.
 - ☐ Answer every question - leave nothing blank.
